Barbara,

Are all the files which start with R6JZ in the heading of the file name in SDMS the Casale documents?

If the Casale documents are easily marked in SDMS, I would like to state that these documents will not be released with 724-04 (the FOIA I am on which I am working). I would like to state that the Casale documents will be released in the FOIA in which Ms. Infante requested the Casale documents specifically.

I will clarify with both Barbara Nann and Gloria before finalizing the letter for routing.

Courtney
